A STUDENT WITH A MISSION

ADM GLENDON DIEBOLD

Academy Commandant

For the last 4 months one student has been setting the standard for course completions within the Academy.

Michael Stelzer had been standing out above the rest of the students completing courses in more colleges than any other. He started out producing Distinction grade courses back in October in 7 or 8 colleges at a time then this month of December the number of Colleges reporting him as their outstanding student jumped to 24, some were where he took 2 or 3 courses and there were no other students but more and more of them are in very active

colleges and he is turning out courses more and more each day.

Never wanting to discourage a person from excelling I found Michael requesting courses in groups of 5 and returning them in 3 to 4 hours completed and without errors and requesting "MORE Please".

This month he has set an unofficial record with all his work and we all look forward to the time when he might decide to join the staff and serve the other students of the Academy

A salute to Lt. Michael Stelzer

GREETINGS FROM THE WOLF'S DEN

ADM BARBARA "WOLF" PAUL

Well WOOF! 2016 was a great year for the Academy. Can you believe this? We had 25,476 graduates in 2016. We created a bunch of new colleges & took on some new blood as well. Some colleges were merged with other colleges, while a number of courses were purged for failing our 3-in-3-year policy. This mean that the college in question had

3 or fewer students over a 3-year period. Some schools simply died a slow death from lack of interest. There were numerous promotions throughout the year, as well.

On May 1st, the VAS (Vulcan Academy of Science) was closed for a major rewrite and reorganization. We lost our CS,

FROM THE DANT'S DESK

Where have nine years gone. It is difficult for me to believe that this is my last article as Commandant of STARFLEET Academy.

I can say I'm proud of myself for the Academy's growth in institutes, colleges, courses and staff, but I won't because it isn't myself that I'm proud of. I'm very proud of the personnel of this Academy.

The only reason the Academy has gone so far as it has is because of all of them. Simply but truthfully put, I'm so very proud of all of them. You are what made and continue to make this Academy great.

I have heard from many of our seasoned staff members as well as our newbies of how they feel being a staff member of the Academy team/family gives them purpose in belonging to STARFLEET. I couldn't agree with them more.

I thank each and every one of you as well as the members of STARFLEET who have given the Academy so much support.

Admiral Peg Pellerin
SFA Commandant (now retired)

I was tired, but now I'm retired. I can say I did enjoy mostly every minute of my 9 year mission.

GREETINGS FROM THE WOLF'S DEN

Fleet Admiral Wayne Killough, who was the Director of SACOM (College of Medicine), which ultimately resulted in the closure of that college for a badly-needed rewrite,. The college will remain closed till the rewrite is complete. There have been several other closures which have taken place because the course material is so far outdated it isn't funny and needs to be brought into the 21st Century. We have Ghost-writers working hard on these projects. However, as we all know, real life takes precedence, so we all just have to work around it as best we can.

The following people received promotions in 2016. Congratulations to everyone.

Promotions in January 2016 were:

- Franklin Newman III to Commodore
- Richard Hewitt to Admiral

Promotions in February 2016 were:

- Paul Dyl to Vice Admiral
- TJ Allen to Commodore

- Rosa Jackson to Vice Admiral

Promotions in May 2016 were:

- David W. Anderson to Colonel
- Lee Vitasek to Rear Admiral

Promotions in June 2016 were:

GETTING TO KNOW YOU

THE ADMINISTRATORS, DEANS, AND DIRECTORS OF STARFLEET ACADEMY

Vice Admiral **JAMIE DELANTONAS**

Interview by Adm Patricia Lewis

Jamie, how did you get introduced to the television show Star Trek?

I think it was an ad that was running, and I was living with my mom at the time, she was a fan, also. So, after all those shows, I could never stay away from it.

Which is your favorite of the different Trek movies and series. Do you read the novels or comics?

You wanna know the truth? I love all of them, but I think TOS was it. Yes, got most of the novels, and got one of the comic books -- Gold Key.

Have you met any of the Trek actors or guest stars? Go to any conventions?

Yes, Spice Williams, James Doohan (twice), George Takei (twice), and "Q" (John DeLancie) and Nichelle Nichols. Wanted to meet Troi (Marina Sirtis), but was sick. Yes, I did.

How did you find out about the STARFLEET International Fan Club, what made you want to join?

I went to a convention that was in Charlotte, North Carolina in '89, and I had fun. Mary Kane was at the convention, also, which is why I joined the USS Hornet (Region 1) in '90. Well, to make a long story short, I picked up apps for STARFLEET and Starfleet Command (which, btw, was our rival) and started applying for both. What I didn't realize was that Starfleet Command didn't have a chapter in

Charlotte (the nearest one was 2 and a half hour drive), and I said, "the heck with them." And, I have continued with STARFLEET ever since. But, in '95, I quit because of the internal bickering and did not come back until '99. Since then, I have rejoined yearly. Then, about 5 years ago, I joined the Ian Fleming, which became the USS Constitution in Region 15. I've been with

her, since, as her Second Officer.

What interested you about STARFLEET Academy? What courses did you start out taking?

Funny you should ask... have to take some courses and I took OTS and OCC, which, by the way, let me become an ensign.

When and how did you become a Director?

In 2007, I just wanted to see if I could make a course to help the cadets get ready to take the OTS and OCC, and -- drum roll -- the Cadets Prep College was born. But, now, the CPC closed its door for good. Now, I have two courses, and I am an assistant Dean in Cadet Studies and a Dean of the IOSA (Sports and Athletics).

Let's list all of your Colleges so students can be sure to look you up:

OK, sure, it is the CVAS (in IOCS) and CDSA (in IOSA). By the way, we are getting ready to re-open Academy to MOODLE.

SO YOU WANT TO BE A DIRECTOR??

Basic requirements are to be at least 18 years of age and have taken OTS and SAOC. Cadets at least 14 years of age may serve with an adult mentor.

To assume a vacancy, you must pass all of the exams in the College, or if a College of 35 to 60 exams, 75% of the exams. Colleges over 60 exams are tested out at 50% with a maximum of 50 exams required.

Assistant Directors must meet the same requirements as the Director.

To direct a College of your own creation, first check the College Catalogue to make certain your idea is not already being used.

If the concept is not being used elsewhere, submit a College outline, exam, and key to the Course Development Contact, Carol Thompson, at betazoid@mosquitonet.com.

Carol will determine where your College fits within the Academy structure and introduce you to your Dean who will lead you through the approval process.

GETTING TO KNOW YOU: JAMIE DELANTONAS

Continued from page 6

When you are not working on STARFLEET Academy exams and projects, what do you like to do in your spare time? Hobbies?

Watch TV Sports. Collecting Starships from ENGLEMOSS.

You are welcome to add any questions that you think would be of interest such as travels, academia, vocation, sci-fi events or whatever.

I wish....for peace.

Then, let's close the interview in the same fashion as James Lipton does on Inside the Actors Studio, with a Starfleet Academy twist.

What is your favorite STARFLEET Academy subject? OTS

What is your least favorite STARFLEET Academy subject? MATH

Which is your favorite Star Trek series? TOS

What is your all-time favorite Star Trek episode out of all the series? Trouble with Tribbles

What is your least favorite Star Trek episode

out of all the series? The one with the salt vampire

If you could be any alien race we've seen in Star Trek, what would you be? Vulcan

If you could be/have been a fly on the wall, which Star Trek actor would you like/have liked to follow around for a day? William Shatner

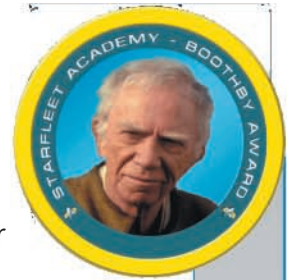

If transporters were real, where would you transport to first? Czech Republic

If you could write a Star Trek episode, what would be the title? The Death of Norgura.

Kirk or Spock? You can choose either, it's cliché, no right or wrong choice. Kirk and Spock. LOL.

The Last Word...

ADM ROBBIE LEWIS
MONITOR EDITOR GUY

Before this Monitor gets wrapped up, I wanted to take a moment to write about a new Star Trek book series that many of you probably haven't heard about.

Legendary comic book writer/artist John Byrne has been a longtime fan of the Kirk and Spock era and already has provided words and art for several Star Trek stories including *Romulans*, *Alien Spotlight*, and *Star Trek: Crew*.

What you may not know is Byrne is a master storyteller with photomontage, and he is now working his magic into *Star Trek New Visions*, a quarterly series for comic book publisher IDW Publishing of San Diego, California. He writes completely original stories but tells his stories in the old sequential "photo novel" style that fans of The Original Series may still remember.

Byrne has already told original stories featuring Harry Mudd, Gary Seven, and a followup to "The Doomsday Machine", along with a story titled "Resistance". Yes, what happens when Kirk and the 1701 crew first encounter the Borg. Last summer, the first Special was released, retelling the classic episode "The Cage".

Most single issues may be found at your local neighborhood comics shop. IDW keeps them in print by collecting single issues into trade paperbacks, and those can be ordered at your local comic shops or nearby bookstores.
