NOTE: Since the faculty and curriculum are always changing, please check the Academy website for the current acting Director and the availability of certain Colleges. ([https://academy.SFI.org](https://academy.SFI.org))

**INTRODUCTION**

This is a complete list of the STARFLEET Academy's active courses at this time. It is a checklist and reference for the personal use of members, such as a check off of courses you have taken or courses you may want to take in the future. It is also a catalog for our offline members.

- **Grayed-out Listings are Pending or Closed for Rewrite.**
- **Listings in BLUE are also offered as QAMs. (Online quizzes)**

As there may be new courses and colleges, or a change in personnel, since this document was released (and before the next update), please consult the STARFLEET Academy web site ([http://academy.SFI.org](http://academy.SFI.org)) for the most current information. **NOTE: If there has been a Director change since this issue of the printed catalog, most former directors will forward your mail to the right person. Directors have real-world lives too, so please be patient.**

**TAKING COURSES**

You have ways of taking courses from STARFLEET Academy:

1) **On-line (QAM)** through the SFA website. This is the preferred option, if the exam is programmed into the Quiz Activity Module (QAM). You will see a green icon in front of the Quiz.

2) **Download** the exam and manual PDFs (if applicable) from the course page. This option is for exams not on the QAM system or students who have limited Internet access. Most QAM’s also have a PDF download option.

3) **E-mail** the Director or Dean (from Moodle or this catalog) and ask for the exams you want. Students who live outside the USA are encouraged to conduct their studies by e-mail. Your request must include: Name, SCC#, postal address, and Course number/title requested. This option is for students who, for some reason, only have email options on their devices, or use public or work PC’s in which downloads or interaction are restricted.

Tuition covers all expenses the Director incurs by sending you exams and diplomas through the USPS. Emailed exams are free.

**PLEASE do not return more than 5 completed exams at a time to any one director. Spamming the Director only slows down the process of grading and posting your grades.**
DISPUTE RESOLUTION

If you have an issue, such as a lack of response, or want to challenge an answer, please use the following steps.

GRADING OF EMAILED EXAMS. The Director is allowed 2 weeks to grade exams, post grades, and issue certificates. If after 2 weeks you have not received your grades and/or certificates then proceed as shown below:

1. Contact the College Director. If no response by 7 days (email) or 14 days (postal mail), then
2. Contact the Assistant Director. If no response in 7 days, then
3. Contact the Dean of the Institute the course is in. If no response by 7 days (email) or 14 days (postal mail) then
4. Contact the Academic Coordinator

CHALLENGE OF AN ANSWER: If you feel an answer you gave was incorrectly marked wrong:

1. Contact the College Director. If no response by 7 days (email) or 14 days (postal mail) then
2. Contact the Dean of the Institute the course is in. If no response by 7 days (email) or 14 days (postal mail) then
3. Contact the Academic Coordinator
